

BEST OF ESMO

13 - 14 DECEMBER, 2025 | THE ST. REGIS MUMBAI

An ESMO Licensed Event

Hosted by

FOCUSED SESSION ON

SURGICAL ONCOLOGY

Pallazio Room | Hall - 2

Curated by Dr. Shishir Shetty

DAY 1

13 December (Saturday)

10:00 – 17:25

Surgical Oncology | Pallazio Room | Hall - 2

Parallel Session | Genito Urinary Malignancies

10:00 - 10:10

INAUGURATION
10 MINS

Welcome Remarks, Conference Inauguration

Chairperson: Dr. (Prof) Hemang Bakshi

10:10 - 10:40

15 MINS

1052P

Primary retroperitoneal lymphadenectomy (pRPLND) for clinical stage IIB seminomas – results from two high volume centres

Speaker: Dr. Vipul Tilva

15 MINS

2664EP

The Impact of Metastatectomy on survival rates in patients with Metastatic Clear Cell Renal Cell Carcinoma in the Era of Advanced Systemic Therapies: Insights from a Nationwide Registry Analysis.

Speaker: Dr. Kapil Dev

15 MINS

2678EP

The Role of Cytoreductive Nephrectomy in Improving Survival for Non-Clear Cell Metastatic RCC in the Era of Emerging Treatments: Analysis from National Cancer Database.

Speaker: Dr. Vijaykumar M

Moderators: Dr. Shishir Shetty

10:40 - 11:10

**PANEL
DISCUSSION**
20 MINS

*Panel Discussion on Impact on India
Practice based on above abstracts*

Panelists

Dr. Mangesh Patil

Dr. Vipul Tilva

Dr. Kapil Dev

Dr. Vijaykumar M

11:10 - 11:20	INVITED TALK 10 MINS	<i>Topic: Tips and Tricks of Robotic IVC Thrombectomy in Renal Tumours</i> <i>Speaker: Dr. (Prof) Hemang Bakshi</i>
---------------	-------------------------	------------------------------------------------------------------------------------------------------------------------

11:20 - 11:40	20 MINS	TEA BREAK
---------------	---------	-----------

Parallel Session | Head & Neck Malignancies

Chairperson: Dr. Richa Vaish

11:40 - 12:10	15 MINS	1453EP	Real-World Evidence on supportive care for surgical versus non-surgical patients with Locally Advanced Head and Neck Squamous Cell Carcinoma in Portugal - the TRACE2 study Speaker: Dr. Akash Tiwari
	15 MINS	1344P	A single-arm, phase II trial evaluating the efficiency and safety of neoadjuvant immunochemotherapy and radical surgery with reduced surgical extent in treating patients with locally advanced tongue squamous cell carcinoma Speaker: Dr. Satakshi Chatterjee
	15 MINS	3007EP	Is completion thyroidectomy necessary when five or more micrometastatic lymph nodes are detected after lobectomy in papillary thyroid carcinoma via transoral endoscopic vestibular approach (TOETVA)? Speaker: Dr. Nitin Bomanwar

Moderators: Dr. Prashanth Pawar

12:10 - 12:40	PANEL DISCUSSION 30 MINS	<i>Panel Discussion on Impact on India Practice based on above abstracts</i>	<i>Panelists</i> <i>Dr. Richa Vaish</i> <i>Dr. Akash Tiwari</i> <i>Dr. Satakshi Chatterjee</i> <i>Dr. Nitin Bomanwar</i>
---------------	-----------------------------	------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------

12:40 - 12:50	INVITED TALK 10 MINS	<i>Topic: Expert Comments</i> <i>Speaker: Dr. Prashant Pawar</i>
---------------	-------------------------	---------------------------------------------------------------------

12:50 - 13:20	30 MINS	LUNCH BREAK
---------------	---------	-------------

Parallel Session | Breast Malignancies

Chairperson

13:20 - 14:05	7 MINS	411P	Evaluation of ICG-Guided Axillary Reverse Mapping in Breast Cancer Surgery: A Retrospective Observational Study Speaker: Dr. Niharika Garach
	7 MINS	611P	The incidence and prognosis of synchronous and metachronous peritoneal metastases in patients with breast cancer: A nationwide, population-based study Speaker: Dr. Imaan Rumani
	7 MINS	386P	The Innovative Lancet Technique for Breast-Conserving Oncoplastic Surgery in Small- to Medium-Sized Breasts with Tumors in the Lower Inner Quadrant: A Multicenter Retrospective Study (IOS Study) Speaker: Dr Rijuta Aphale

13:20 - 14:05	7 MINS	385P	Is axillary intervention necessary for selected patients with cN0-1 breast cancer after neoadjuvant chemotherapy? Speaker: Dr. Nisha Hariharan
	7 MINS	403P	Axillary Lymph Node Dissection Offers No Survival Benefit in Breast Cancer Patients with Sentinel Lymph Node Micrometastases After Neoadjuvant Therapy Speaker: Dr. Sandeep Bipte
	7 MINS	404P	Impact of postmastectomy radiation therapy on complications in stage II–III breast cancer underwent mastectomy and breast reconstruction: A multicenter cohort study Speaker: Dr. Sumeet Shah

Moderators: Dr. Nisha Hariharan

14:05 - 14:25	PANEL DISCUSSION 20 MINS	<i>Panel Discussion on Impact on India Practice based on above abstracts</i>	Panelists Dr. Niharika Garachi Dr. Imaan Rumani Dr. Rijuta Aphale Dr. Sandeep Bipte Dr. Sumeet Shah
---------------	-----------------------------	------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------

14:25 - 14:35	INVITED TALK 10 MINS	Topic: Expert Comments Speaker: Dr. Mehul Bhansali	
---------------	-------------------------	---------------------------------------------------------------------	--

Parallel Session | Lung Malignancies

Chairperson

14:35 - 15:05	7 MINS	1805EP	Microwave Ablation Versus Lobectomy for Hilar Ground-Glass Opacity Nodules: A Single-Center Prospective Comparison of Oncologic Efficacy and Perioperative Outcomes Speaker: Dr. George Karimundakal
	7 MINS	1818MO	Surgery versus radiotherapy after induction therapy with serplulimab combined with chemotherapy for unresectable stage IIIB-IIIC non-small cell lung cancer: a randomized controlled, open-label, phase 2 trial Speaker: Dr. Tanveer Abdul Majeed
	7 MINS	2065EP	Thoracic Surgery vs Radiotherapy in TKI-Responsive Stage IV EGFR-Mutant adenocarcinoma: A Propensity-Matched National Database Analysis Speaker: Dr. Nikhil Rane
	7 MINS	2703P	Comparison of Open Thoractomy, Mini-open Thoracoscopically Assisted Thoracotomy, and Video-assisted Thoracoscopic Surgery in Pulmonary Metastatic Oseosarcoma: Result of 20-year Experience at Ruijin Hospital Speaker: Dr. Tejas Vispute

Moderators: Dr. George Karimundakal

15:05 - 15:25	PANEL DISCUSSION 20 MINS	<i>Panel Discussion on Impact on India Practice based on above abstracts</i>	Panelists Dr. Tanveer Abdul Majeed Dr. Nikhil Rane Dr. Tejas Vispute
---------------	-----------------------------	------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------

15:25 - 15:35	INVITED TALK 10 MINS	Topic: Expert Comments Speaker: Dr. George Karimundakal	
---------------	-------------------------	--------------------------------------------------------------------------	--

15:35 - 15:55	20 MINS	TEA BREAK
---------------	---------	-----------

Parallel Session | GI Malignancies

Chairperson

15:55 - 16:35	6 MINS	864EP	Clinical Features and Outcomes of Second Recurrence After Resection of Metachronous Recurrent Lesions in Colorectal Cancer Speaker: Dr. Vikas Bachelal Gupta
	6 MINS	868EP	Short/Long-Term Outcomes of Robotic-Assisted, Laparoscopic and Open Surgery for Locally Advanced Rectal Cancer Speaker: Dr. Pawan Sugoor
	6 MINS	745P	Estimating the clinical benefit of the secondary resection of metastases in liver-limited metastatic colorectal cancer: an individual patient data-based pooled analysis of nine randomized trials. Speaker: Dr. Ninad Katdare
	6 MINS	1469MO	Liver resection versus continued atezolizumab plus bevacizumab (atezo/bev) in locally advanced hepatocellular carcinoma (HCC) after atezo/bev treatment (TALENTop): a multicenter, open-label, randomized phase III trial. Speaker: Dr. Jalaluddin Akbar
	6 MINS	1476P	Survival and healthcare pathways of patients following resection or ablation for hepatocellular carcinoma in France: the 'LIVERPOOL' nation-wide study Speaker: Dr. Soumil Vyas
	6 MINS	2096MO	Systemic Therapy, Gastrectomy and CRS/HIPEC vs Systemic Therapy Alone for Gastric Cancer with Limited Peritoneal Dissemination: Results of the Randomised PERISCOPE II Trial. Speaker: Dr. Amit Gupta

Moderators: Dr. Soumil Vyas

16:35 - 16:55	PANEL DISCUSSION 20 MINS	<i>Panel Discussion on Impact on India Practice based on above abstracts</i>	Panelists Dr. Biplob Mishra Dr. Tirathram Koushik Dr. Vikas Bachelal Gupta Dr. Pawan Sugoor Dr. Ninad Katdare Dr. Jalaluddin Akbar Dr. Amit Gupta
16:55 - 17:25	INVITED TALK 30 MINS	Topic: The Impact of Technology in Medicine: A Timeless Trend ? Speaker: Dr. Raj Nagarkar
